General Conditions

1. The Aerodrome Operator shall ensure that all the aerodrome facilities, equipment, services and procedures are operated and/or maintained properly and efficiently in accordance with the Aerodrome Manual submitted to the Authority, the applicable standards and practices set out in the Manual of Aerodrome Standards and any condition specified in this Aerodrome Licence. Rescue and firefighting services and equipment shall be kept ready for immediate turnout at all times when the aerodrome is available for the take-off and landing of aircraft.
2. The Aerodrome Operator shall ensure that the copies of the Aerodrome Manual approved by the Authority are always kept complete and current. The Aerodrome Operator shall also ensure that each member of the aerodrome operating staff is aware of the contents of every part of the Aerodrome Manual relevant to his/her duties and undertakes his/her duties in conformity with the relevant provisions of the Aerodrome Manual.
3. The Aerodrome Operator shall ensure that an adequate number of qualified and skilled personnel are employed to perform all critical activities for the operation and maintenance of the aerodrome, and that a programme to upgrade the competency of the personnel is in place.
4. The Aerodrome Operator shall ensure that proper coordination with the agencies responsible for aeronautical information services, meteorological services, security and other areas related to safety are established.
5. The Aerodrome Operator shall ensure that a person authorised by the Director General or his delegated authority shall be granted free access to the aerodrome and any associated facility, equipment, document, record and the Aerodrome operator personnel relating to the operation, safety or security of the aerodrome for the purpose of inspection, testing and/or verification of performance.
6. The Aerodrome Operator shall notify the agency responsible for aeronautical information services of any change to any aerodrome facility or equipment or level of service at the aerodrome which has been planned in advance and which is likely to affect the accuracy of the information contained in any publication by the agency before effecting the change.
7. The Aerodrome Operator shall notify the agency responsible for aeronautical information services and the air traffic control unit immediately of any obstacles, obstructions or hazards; change in level of service at the aerodrome as set out in any publication by the aeronautical information services or variation from the Manual of Aerodrome Standards; closure of the movement area of the aerodrome; significant change in aerodrome facility or the physical layout of the aerodrome; and any other condition that could affect aviation safety at the aerodrome and against which precautions are warranted; of which the Aerodrome Operator has knowledge of immediately.
8. When low flying aircraft, at or near the aerodrome, or taxiing aircraft is likely to be hazardous to any person or vehicular traffic, the Aerodrome Operator shall post hazard warning notices on any public way that is adjacent to the aircraft manoeuvring area; or if such public way is not controlled by the Aerodrome Operator, inform the authority responsible for posting the notices on the public way that there is a hazard.
9. The Aerodrome Operator shall implement such additional safety or aviation security related measures as may be required by the Authority. The Director General or his delegated authority may suspend or cancel this Aerodrome Licence at any time should the Aerodrome Operator fail to comply with any provisions set forth in this Aerodrome Licence or in the Aerodrome regulations.
10. The Aerodrome Operator shall take up such insurance including public liability to cover all operations at the aerodrome to the satisfaction of the Director General or his delegated authority.
11. The Aerodrome Operator shall notify through an amendment of the aerodrome manual any intended change of any of the key posts overseeing the aerodrome's operations (e.g. rescue and firefighting, aerodrome engineering and maintenance, apron control, etc.) or of any intended change in the person holding the post, or in his/her duties.
12. The Aerodrome Operator shall notify the Director General or his delegated Authority in writing, at least 14 days in advance of any intended change or abolition of any of the key posts overseeing the aerodrome's operations (e.g. rescue and firefighting, aerodrome engineering and maintenance, apron control, etc.) or of any intended change in the person holding the post, or in his/her duties.
13. This Aerodrome Licence is not transferable and any purported transfer of this licence shall be void.
14. Expressions used in this Aerodrome Licence shall have the same meanings as those in the Manual of Aerodrome Standards.
