- Envovx ( Outdated ) - SCSS, Javascript, PHP ( 2019 )
- Busyapp ( Outdated ) - SCSS, Javascript, PHP ( 2019 )

---

## Profile

I am a fullstack developer with experience of > 5 years, 3 of which practicing work with a very diverse API, I can create a website from scratch and on the basis of CMS. I like punctuality in work and responsibility. I am not so well pumped soft skills, but I try to always fit into the team. I use modern solutions, as well as those that are time-tested.

---

## Languages

- Ukrainian (Mother tongue)
- Russian (Native\*)
- English (non-verbal)
