

Subscription Cancellation & Refund Policy

Last Revised: 21.01.2026

At **Salute Guide**, we value transparency and your time. To make our service as accessible as possible, we have simplified the cancellation process.

1. Cancellation Policy You may cancel your subscription at any time. To ensure that you are not charged for the next billing cycle, cancellation requests must be sent at least **3 (three) business days** before your next scheduled payment date.

2. How to Cancel We believe that email is the most transparent and reliable way to handle cancellations, as it doesn't require you to remember passwords or navigate complex menus.

- To cancel, simply send an email from your registered address to **antondanilow@gmail.com** with the subject "Subscription Cancellation".
- Our team will process your request manually and send a confirmation.

3. Access After Cancellation Upon cancellation, your subscription will remain active, and you will retain full access to all travel guides and routes until the end of your current paid billing period. No further charges will be made after the cancellation is processed.

4. No-Refund Policy As **Salute Guide** provides immediate access to digital content (intellectual property), all sales are final.

- We do not offer refunds or credits for any partial subscription periods or unused content.
- If a recurring payment has already been processed, the amount is non-refundable, and your access will continue until the end of that paid period.
